# Job Description

The information contained below is to help staff understand and appreciate the work content of their post and the role they are to play in the operation. However, it should be noted that whilst every effort has been made to outline all the duties and responsibilities of the post, a document such as this does not permit every item to be specified in detail. Broad headings may therefore have been used, in which case all the usual associated duties are included in this job description.

|   |  |
|---|--|
| <b>Job title</b>  | <b>Lead IT Engineer (East Hub)</b>   |
| <b>Reporting to</b>   | <b>Group IT Manager</b>  |
| <b>Main purpose of job</b>  | To provide proactive and reactive hardware, software and peripheral support to all staff, students, Trustees/Governors, visitors and third parties in line with school/academy and Trust requirements. |
| <b>Key responsibilities:</b>  |  |
| <ul style="list-style-type: none"><li>• To provide 1<sup>st</sup> &amp; 2<sup>nd</sup> line hardware, software &amp; peripheral support to all Trust staff, students, Trustees/Governors and third party visitors</li><li>• To complete helpdesk incident &amp; problem requests in line with internal policies and procedures, ensuring compliance with these at all times</li><li>• To take proactive &amp; reactive support of all user operated IT &amp; AV equipment, ensuring that downtime through consumable life expectancy is kept to a minimum</li><li>• To act as the technical escalation point for User Support Officer escalated support at their site(s)</li><li>• To work collaboratively across the Trust, to share information within the IT department (through the production &amp; use of Knowledge Base Articles and User Guides)</li><li>• To attend weekly IT operations meetings (either in person or via video conferencing) with up to date IT support information about their local site(s)</li><li>• To understand the essential requirements of complex networking systems</li><li>• To provide Operating System level support in Windows 10 and all current versions of Microsoft Office &amp; other applications used across Trust schools/academies</li><li>• To provide Server Operating level support in Server 2008, 2012 &amp; 2016 (supporting new and existing applications)</li><li>• To ensure audit information at their local site(s) is accurate, up to date and that all staff have signed relevant documentation relating to Acceptable Use of IT and hardware asset deployment</li><li>• To report security breaches (such as Anti-Virus, Content Filtering, unauthorised access attempts) to the Group IT Director if discovered during routine support</li><li>• Ensure Teaching &amp; Learning requirements are met at their local site(s)</li></ul> |  |

**All employees have the responsibility to:**

- Ensure any documentation produced is to a high standard and is in line with the brand style
- Be aware and comply with all policies and procedures relating to safeguarding, child protection, health, safety and security, confidentiality and data protection, reporting all concerns to the appropriate person
- Participate in training and other learning activities as required
- Participate in the school/academy Performance Management process
- Provide appropriate guidance and supervision and assist in the training and development of staff as appropriate
- To promote the area of responsibility within the school/academy and beyond
- To represent the school/academy at events as appropriate
- To support and promote the school/academy ethos
- To undertake any other duties and responsibilities as required that are covered by the general scope of the post
- To undertake any other reasonable duties at the request of the Chief Executive Officer and Headteacher

All post holders must comply with The Dean Trust professional standards for leaders and managers. The job description will be reviewed as necessary as part of the Performance Management process and is subject to modification and amendment at any time after consultation with the post holder
